A Massage Whenever You Need It!

Tension, fatigue, muscle aches and pains ...

Few of us can afford to have a masseur "on call" twenty-four hours a day to provide relief from our aches and pains. But, with American Massage Products portable massage equipment, you can enjoy the proven benefits of massage any time you need relief. Completely portable, you can take the Deluxe Health Set with you when you travel or to the gym for use after a workout.

American Massage Products uses patented Spheroid® Action Massage to produce beneficial results. Unlike a vibrator which produces a single direction, pounding effect, our massage units produce a three-dimensional action. This delivers widely radiating waves of motion that penetrate deeply and smoothly — just like a professional massage!

Use your Sonoid® massage equipment anytime, anywhere — and as often as you like!

Because this equipment is so easy to use, there's no need to schedule a long block of time for a massage. Even five minutes of massage may rejuvenate you for hours. Used singly or together, the Deluxe Health Set provides deep, penetrating massage, but there's no need to disrobe. You can use this equipment at home, at the office or even take it with you on vacation. Read, watch TV, listen to music, spend time with your family, or just unwind while you enjoy the relaxing sensation of Sonoid® massage. The Heat/Massage Pad provides soothing warmth along with beneficial massage. Slip the portable Hand Unit into the pad's fabric loop and you can focus on two areas at once, such as the neck and lower back — or ankles and knees. Or use the Hand Unit independently to massage legs while enjoying the Pad's heat and massage on your back. The two units work together in a variety of combinations! Using the accessories makes your daily massage even more therapeutic.

Easy To Use!

The Deluxe Health Set is the most comprehensive portable massage equipment available. The Hand Unit allows you to target specific trigger points while the Heat and Massage Pad provides benefits to a larger area — or you can use them together to really concentrate massage on back or legs. Experimenting with the intensity of both heat and massage will help you find the levels that work best for you.

A Complete Massage Kit

The Deluxe Health Set includes everything you need to enjoy relaxing massage at your convenience: Heat/Massage Pad with detachable pillow, Hand Unit with Soft-Use Pillow, Scalp Cup, Face Cup and Foam Transmitter.

WE MANUFACTURE A COMPLETE LINE OF PRODUCTS FOR TOTAL BODY COMFORT — • Heat/Massage Pad • Portable Hand Unit • "Car Pal" Massage Pad • Adjustable Beds • Heat/Massage Recliners • Professional Therapeutic Massage Table
