Reduced Pressure Points

Traditional innerspring mattresses push against you as you sleep, causing pressure points that constrict blood flow which causes tossing and turning. Our *Visco-Lay™* conforms to your body therefore eliminating pressure points.

Promotes Proper Spinal Alignment

Memory Foam molds and contours to your individual shape, cradling and cushioning your body, providing personalized support that promotes proper alignment.

Ideal for Side, Back and Stomach Sleepers.

No matter what ever your sleeping position, *Memory Foam* with a supportive *Laytex* core gently adjusts to provide perfect support for any position.

Antimicrobial for Healthier Sleep

Memory Foam and *Latex* inhibit the growth of mold, mildew and other allergens.

No Motion Transfer

Our *Visco-Lay™* absorbs body movements thereby eliminating partner disturbances.
